**4TH EDITION OF MEGACLIMA WEST AFRICA TO OPEN ITS DOORS ON 19TH-21ST OF MAY 2021.**

As we believe you are already aware, the coronavirus (COVID-19) pandemic has led to a need for social distancing to help prevent the spread. For this reason, we have made the difficult decision to postpone the 4th Edition of the Megaclima West Africa until the 19th -21st of May 2021.

While we know this is disappointing, we hope you understand this is a necessary step to help keep each other safe in these unprecedented times.

We also apologise for moving the date for the second time. This was occasioned by the longer time it has taken for the normalisation of the situation and the delay in international flight resumption which just reopened on the 5th of September.

The health and safety of our exhibitors and every stakeholder is a primary concern for us the organisers and we will continue to work hand-in-hand with the constituted authorities to ensure a robust health and safety standards in place, and the capacity to enhance these measures as we plan to open the doors to our exhibitions in 2021.

While ensuring we achieve a safer environment, may we use this time to commend our Exhibitors, visitors and all stakeholders, both international and regional, for your resolve to remain strong in these trying times.

Please, If you have any questions or concerns, kindly get in touch here: [info@elanexpo.net](mailto:info@elanexpo.net), or you can visit our website on [www.elanexpo.net](http://www.elanexpo.net).

You can find out more about COVID-19 on the WHO and NHS websites.

Please Stay safe, and we will be in touch with more information.

Yours Sincerely,
